Projector Position

Choose the way of how you install your projector.

Front table Front Ceiling Rear table Rear Ceiling

◀ Select OK Next ⌵ Skip

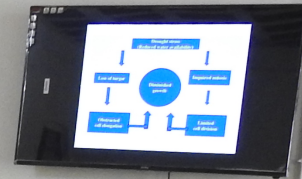

The image shows a digital interface for selecting a projector installation position. It features a progress bar at the top with six numbered steps, where step 1 is highlighted. Below the title 'Projector Position', there is a sub-instruction 'Choose the way of how you install your projector.' Four diagrams illustrate different installation scenarios: 'Front table' (projector on a table in front of a person), 'Front Ceiling' (projector on the ceiling in front of a person), 'Rear table' (projector on a table behind a person), and 'Rear Ceiling' (projector on the ceiling behind a person). The 'Front Ceiling' option is currently selected, indicated by a blue border around its diagram. At the bottom, there are three navigation buttons: 'Select' with a left arrow, 'OK Next' with a checkmark, and 'Skip' with a list icon.
