On

TEACHING AND RESEARCH APTITUDE

12/07/2021 to 28/07/2021

About the course:

This course is specially designed for **PG (Post Graduate)** students and aims to enhance the teaching and research capabilities of the students. Students are unaware of cognitive abilities, which include comprehension, analysis, evaluation, understanding the structure of arguments, deductive and inductive reasoning along with general awareness about teaching and learning processes in higher education system due to which they face problem. Many lack behind in the areas like interaction between people and environment, natural resources and their impact on the quality of life which makes the things more difficult for them. This course is designed to cover all these areas which will help students to face not only competitive exams like NET, SET, GATE, JEST etc. but also train them to be a good teacher and researcher.

Objectives:

- ➢ To inculcate Teaching and Research Aptitude in students.
- ➢ To guide students and uplift their ability towards logical thinking.
- ➢ To develop the understanding of basic terms of research and teaching methodologies in students
- ➢ To encourage students and create their interest towards research.

Course Outline:

1. Teaching Aptitude
2. Research Aptitude
3. Comprehension
4. Communication
5. Mathematical Reasoning and Aptitude
6. Logical Reasoning
7. Data Interpretation
8. Information and Communication Technology (ICT)
9. People, Development and Environment
